Re: Student Participation in International Conference

It is to notify that an international conference “**3rd International Conference Global Initiatives in Agricultural and Applied Sciences for Eco-Friendly Environment, June 16-18, 2019, Kirtipur, Kathmandu, Nepal**” is scheduled with active participation of IAAS. IAAS encourages Master or PhD students-currently enrolled in post graduate program, to participate in the conference with a poster. The poster should follow the guidelines and within the theme of the conference <http://agriinventionjournal.com/conference-June-2019/>.

Eligible students are requested to kindly send the soft copies of their poster to dean@iaas.edu.np. Briefly 1 x 1.2 m size poster should include the title, author name and address, introduction, materials and methods, results and conclusion. The file name should be “Poster_Student Roll No_Given Name” and save to pdf format (e.g., Poster-R-2016-HRT-01M_Kishor.pdf). **An application to conference poster** should be written in the subject line.

IAAS poster selection committee will review the timely submitted posters to determine its inclusion in the conference. IAAS will nominate 10 students with registration fee waiver based on merits. Notification will be sent with a decision on acceptance to the conference for the selected students. IAAS/organizing committee will manage the cost for the printing of the selected poster.

Deadline to submit poster: 12th June, 2019

Notification to the student: 13th June, 2019

General guidelines to prepare a poster

- Seek simplicity; keep text to a minimum and avoid redundancies.
- Be sure that your poster attracts attention, emphasizes important points and reads easily.
- Use, but don't overuse, bold fonts and colors.
- Define unfamiliar or complex terms as simply as possible.
- Use pictorial or graphic illustrations to clarify and enhance a message.
- Figures and tables should cover approximately 50 percent of the poster area.
- Use a typeface that is legible from six feet away.
- Use a consistent font throughout.
- Avoid abbreviations and acronyms where possible.
- The viewer should be able to grasp the total message in few minutes.
